Lesson 2. What Is Welding? / Урок 2. Что такое сварка? Определение профессии

Keywords / Ключевые слова
- What Is Welding? Keywords

Theory / Теоретические материалы

- What Is Welding? Theory

Practices / Интерактивные тренировочные задания

- What Is Welding? Practice 1
- What Is Welding? Practice 2
- What Is Welding? Practice 3
- What Is Welding? Practice 4

Practice Control / Контрольно-оценочные средства

- What Is Welding? Practice Control 1
- What Is Welding? Practice Control 2
- What Is Welding? Practice Control 3
- What Is Welding? Practice Control 4
- What Is Welding? Practice Control 5

Lesson 3. Where Can Welders Work? / Урок 3. Сферы работы сварщика

Keywords / Ключевые слова

- Where Can Welders Work? Keywords

Theory / Теоретические материалы

- Where Can Welders Work? Theory

Practices / Интерактивные тренировочные задания

- Where Can Welders Work? Practice 1
- Where Can Welders Work? Practice 2
- Where Can Welders Work? Practice 3
- Where Can Welders Work? Practice 4

Practice Control / Контрольно-оценочные средства

- Where Can Welders Work? Practice Control 1

Lesson 6. Mechanical and Chemical Properties of Carbon Steel / Урок 6. Механические и химические свойства углеродистой стали

Keywords / Ключевые слова

- Mechanical and Chemical Properties of Carbon Steel: Keywords

Theory / Теоретические материалы

- Mechanical and Chemical Properties of Carbon Steel: Theory

Practices / Интерактивные тренировочные задания

- Mechanical and Chemical Properties of Carbon Steel: Practice 1
- Mechanical and Chemical Properties of Carbon Steel: Practice 2
- Mechanical and Chemical Properties of Carbon Steel: Practice 3
- Mechanical and Chemical Properties of Carbon Steel: Practice 4
- Mechanical and Chemical Properties of Carbon Steel: Practice 5
- Mechanical and Chemical Properties of Carbon Steel: Practice 6

Practice Control / Контрольно-оценочные средства

- Mechanical and Chemical Properties of Carbon Steel. Practice Control 1
- Mechanical and Chemical Properties of Carbon Steel. Practice Control 2
- Mechanical and Chemical Properties of Carbon Steel. Practice Control 3
- Mechanical and Chemical Properties of Carbon Steel. Practice Control 4

- Mechanical and Chemical Properties of Carbon Steel. Practice Control 9
- Mechanical and Chemical Properties of Carbon Steel. Practice Control 10

Lesson 7. Mechanical and Chemical Properties of Stainless Steel / Урок 7. Механические и химические свойства нержавеющей стали

Keywords / Ключевые слова

- Mechanical and Chemical Properties of Stainless Steel: Keywords

Theory / Теоретические материалы

- Mechanical and Chemical Properties of Stainless Steel: Theory

Practices / Интерактивные тренировочные задания

- Mechanical and Chemical Properties of Stainless Steel: Practice 1
- Mechanical and Chemical Properties of Stainless Steel: Practice 2
- Mechanical and Chemical Properties of Stainless Steel: Practice 3
- Mechanical and Chemical Properties of Stainless Steel: Practice 4

Practice Control / Контрольно-оценочные средства

- Mechanical and Chemical Properties of Stainless Steel. Practice Control 1
- Mechanical and Chemical Properties of Stainless Steel. Practice Control 2
- Mechanical and Chemical Properties of Stainless Steel. Practice Control 3
- Mechanical and Chemical Properties of Stainless Steel. Practice Control 4

- Mechanical and Chemical Properties of Stainless Steel. Practice Control 7
- Mechanical and Chemical Properties of Stainless Steel. Practice Control 8
- Mechanical and Chemical Properties of Stainless Steel. Practice Control 9

Lesson 8. Mechanical and Chemical Properties of Aluminium / Урок 8. Механические и химические свойства алюминия

Keywords / Ключевые слова

- Mechanical and Chemical Properties of Aluminium: Keywords

Theory / Теоретические материалы

- Mechanical and Chemical Properties of Aluminium: Theory

Practices / Интерактивные тренировочные задания

- Mechanical and Chemical Properties of Aluminium: Practice 1
- Mechanical and Chemical Properties of Aluminium: Practice 2
- Mechanical and Chemical Properties of Aluminium: Practice 3
- Mechanical and Chemical Properties of Aluminium: Practice 4

Practice Control / Контрольно-оценочные средства

- Mechanical and Chemical Properties of Aluminium. Practice Control 1
- Mechanical and Chemical Properties of Aluminium. Practice Control 2
- Mechanical and Chemical Properties of Aluminium. Practice Control 3
- Mechanical and Chemical Properties of Aluminium. Practice Control 4
- Mechanical and Chemical Properties of Aluminium. Practice Control 5
- Mechanical and Chemical Properties of Aluminium. Practice Control 6
- Mechanical and Chemical Properties of Aluminium. Practice Control 7
- Mechanical and Chemical Properties of Aluminium. Practice Control 8
- Mechanical and Chemical Properties of Aluminium. Practice Control 9

Lesson 9. Equipment in Welding / Урок 9. Сварочное оборудование

Keywords / Ключевые слова

- Equipment in Welding: Keywords

Theory / Теоретические материалы

- Equipment in Welding: Theory

Practices / Интерактивные тренировочные задания

- Equipment in Welding: Practice 1
- Equipment in Welding: Practice 2
- Equipment in Welding: Practice 3
- Equipment in Welding: Practice 4
- Equipment in Welding: Practice 5
- Equipment in Welding: Practice 6
- Equipment in Welding: Practice 7
- Equipment in Welding: Practice 8

Practice Control / Контрольно-оценочные средства

- Equipment in Welding. Practice Control 1
- Equipment in Welding. Practice Control 2
- Equipment in Welding. Practice Control 3
- Equipment in Welding. Practice Control 4
- Equipment in Welding. Practice Control 5
- Equipment in Welding. Practice Control 6
- Equipment in Welding. Practice Control 7

Lesson 10. Welding Technologies / Урок 10. Сварочные технологии

Keywords / Ключевые слова

- Welding Technologies: Keywords

Theory / Теоретические материалы

- Welding Technologies: Theory

Practices / Интерактивные тренировочные задания

- Welding Technologies: Practice 1
- Welding Technologies: Practice 2
- Welding Technologies: Practice 3

Practice Control / Контрольно-оценочные средства

- Welding Technologies. Practice Control 1
- Welding Technologies. Practice Control 2
- Welding Technologies. Practice Control 3
- Welding Technologies. Practice Control 4
- Welding Technologies. Practice Control 5

Lesson 11. Traditional Types of Welding / Урок 11. Традиционные виды сварки

Keywords / Ключевые слова

- Traditional Types of Welding: Keywords

Theory / Теоретические материалы

- Traditional Types of Welding: Theory

Practices / Интерактивные тренировочные задания

- Traditional Types of Welding: Practice 1
- Traditional Types of Welding: Practice 2
- Traditional Types of Welding: Practice 3
- Traditional Types of Welding: Practice 4
- Traditional Types of Welding: Practice 5

Practice Control / Контрольно-оценочные средства

- Traditional Types of Welding. Practice Control 1
- Traditional Types of Welding. Practice Control 2
- Traditional Types of Welding. Practice Control 3

Lesson 12. Alternative Types of Welding / Урок 12. Альтернативные виды сварки

Keywords / Ключевые слова

- Alternative Types of Welding: Keywords

Theory / Теоретические материалы

- Alternative Types of Welding: Theory

Practices / Интерактивные тренировочные задания

- Alternative Types of Welding: Practice 1
- Alternative Types of Welding: Practice 2
- Alternative Types of Welding: Practice 3
- Alternative Types of Welding: Practice 4
- Alternative Types of Welding: Practice 5
- Alternative Types of Welding: Practice 6

Practice Control / Контрольно-оценочные средства

- Alternative Types of Welding: Practice Control 1
- Alternative Types of Welding: Practice Control 2
- Alternative Types of Welding: Practice Control 3

Lesson 13. Symbols in Welding / Урок 13. Условные обозначения, принятые в международных стандартах

Keywords / Ключевые слова	Демо-версия
- Symbols in Welding: Keywords	✓
Theory / Теоретические материалы	Демо-версия
- Symbols in Welding: Theory	✓
Practices / Интерактивные тренировочные задания	Демо-версия
- Symbols in Welding: Practice 1	✓
- Symbols in Welding: Practice 2	✓
- Symbols in Welding: Practice 3	✓
Practice Control / Контрольно-оценочные средства	Демо-версия

- Symbols in Welding. Practice Control 2	✓
- Symbols in Welding. Practice Control 3	✓
- Symbols in Welding. Practice Control 4	✓
- Symbols in Welding. Practice Control 5	✓
- Symbols in Welding. Practice Control 6	✓

Lesson 14. Risks at Work / Урок 14. Риски в сварке

Keywords / Ключевые слова

- Risks at Work: Keywords

Theory / Теоретические материалы

- Risks at Work: Theory

Practices / Интерактивные тренировочные задания

- Risks at Work: Practice 1
- Risks at Work: Practice 2
- Risks at Work: Practice 3
- Risks at Work: Practice 4
- Risks at Work: Practice 5

Practice Control / Контрольно-оценочные средства

- Risks at Work. Practice Control 1
- Risks at Work. Practice Control 2
- Risks at Work. Practice Control 3

Lesson 15. Safety Rules in Welding / Урок 15. Правила техники безопасности

Keywords / Ключевые слова

- Safety Rules in Welding: Keywords

Theory / Теоретические материалы

- Safety Rules in Welding: Theory

Practices / Интерактивные тренировочные задания

- Safety Rules in Welding: Practice 1
- Safety Rules in Welding: Practice 2
- Safety Rules in Welding: Practice 3
- Safety Rules in Welding: Practice 4
- Safety Rules in Welding: Practice 5

Practice Control / Контрольно-оценочные средства

- Safety Rules in Welding. Practice Control 1
- Safety Rules in Welding. Practice Control 2
- Safety Rules in Welding. Practice Control 3
- Safety Rules in Welding. Practice Control 4

Lesson 16. Instructions. General Specifications of a Welding Machine / Урок 16. Инструкции. Общие технические характеристики сварочного аппарата

Keywords / Ключевые слова

- Instructions. General Specifications of a Welding Machine: Keywords

Theory / Теоретические материалы

- Instructions. General Specifications of a Welding Machine: Theory

Practices / Интерактивные тренировочные задания

- Instructions. General Specifications of a Welding Machine: Practice 1

- Instructions. General Specifications of a Welding Machine. Practice Control 2
- Instructions. General Specifications of a Welding Machine. Practice Control 3
- Instructions. General Specifications of a Welding Machine. Practice Control 4

Lesson 17. Characteristics and Equipment of a Welding Machine / Урок 17. Характеристики и оборудование сварочного аппарата

Keywords / Ключевые слова

- Characteristics and Equipment of a Welding Machine: Keywords

Theory / Теоретические материалы

- Characteristics and Equipment of a Welding Machine: Theory

Practices / Интерактивные тренировочные задания

- Characteristics and Equipment of a Welding Machine: Practice 1
- Characteristics and Equipment of a Welding Machine: Practice 2
- Characteristics and Equipment of a Welding Machine: Practice 3
- Characteristics and Equipment of a Welding Machine: Practice 4

Practice Control / Контрольно-оценочные средства

- Characteristics and Equipment of a Welding Machine. Practice Control 1
- Characteristics and Equipment of a Welding Machine. Practice Control 2
- Characteristics and Equipment of a Welding Machine. Practice Control 3

- Characteristics and Equipment of a Welding Machine. Practice Control 4

Lesson 18. Installation. Front and Rear Panels of a Welding Machine / Урок 18. Панели сварочного аппарата

Keywords / Ключевые слова

- Installation. Front and Rear Panels of a Welding Machine: Keywords

Theory / Теоретические материалы

- Installation. Front and Rear Panels of a Welding Machine: Theory

Practices / Интерактивные тренировочные задания

- Installation. Front and Rear Panels of a Welding Machine: Practice 1

- Installation. Front and Rear Panels of a Welding Machine: Practice 2

- Installation. Front and Rear Panels of a Welding Machine: Practice 3

- Installation. Front and Rear Panels of a Welding Machine: Practice 4

Practice Control / Контрольно-оценочные средства

- Installation. Front and Rear Panels of a Welding Machine. Practice Control 1

- Installation. Front and Rear Panels of a Welding Machine. Practice Control 2

- Installation. Front and Rear Panels of a Welding Machine. Practice Control 3

- Installation. Front and Rear Panels of a Welding Machine. Practice Control 4

- Installation. Front and Rear Panels of a Welding Machine. Practice Control 5

Lesson 19. Types of Welding Joints, Beads and Positions / Урок 19. Соединения, швы и положения в сварке

Keywords / Ключевые слова

- Types of Welding Joints, Beads and Positions: Keywords

Theory / Теоретические материалы

- Types of Welding Joints, Beads and Positions: Theory

Practices / Интерактивные тренировочные задания

- Types of Welding Joints, Beads and Positions: Practice 1

- Types of Welding Joints, Beads and Positions: Practice 2

- Types of Welding Joints, Beads and Positions: Practice 3

- Types of Welding Joints, Beads and Positions: Practice 4

- Types of Welding Joints, Beads and Positions: Practice 5

- Types of Welding Joints, Beads and Positions: Practice 6

Practice Control / Контрольно-оценочные средства
